

Health & Safety Protocols for Branson Karate & Tai Chi under Covid-19

Your health and safety are priority to us. Please take note of some new procedures we will have in place during the initial phase of re-opening.

Arrive in Uniform.

We are limiting the close proximity of students in dressing rooms.

Tai Chi students should arrive in the clothing you will be wearing to practice.

Wash your hands.

Practice good hand hygiene by washing your hands with soap and water.

We will make hand sanitizer available.

Wear a Mask.

Due to the close proximity of martial arts training this is required.

If you need a mask they are available for purchase.

Maintain Social Distancing.

A maximum of 10 students will be admitted per class. Doors will not open until all students from previous class have left.

Arrive Early! Doors will be locked once the next class begins!

Check in Outside 15 min. Before Class.

All students will have contactless temperature checks prior to EACH class. We also have a short health check questionnaire to complete before being admitted into class.

Parents/Visitors Should Remain In Car.

To maintain social distancing, we will only admit students into the building.

Our Commitment to Health

- Deep cleaning and sanitization before and after class on all surfaces.
- We will sanitize common use surfaces between each class.
- Disinfectant, wipes and hand sanitizer will be available.
- Limited person-to-person contact.
- Hand sanitizer will be used often, throughout training.
